Certification Criteria for One-Stop Delivery Systems State of Arkansas

The One-Stop delivery system is a system under which entities responsible for administering separate workforce investment, educational, and other human resource programs and funding streams (referred to as One-Stop partners) collaborate to create a seamless system of service delivery that will enhance access to the programs' services and improve long-term employment outcomes for individuals receiving assistance.

The responsibility of ensuring the creation and maintenance of a One-Stop delivery system that enhances the range and quality of workforce development services that are accessible to individuals seeking assistance is assigned to the local, State and Federal level.

General Description of One-Stop Delivery System

What is the One-Stop delivery system?

In general, the Arkansas Career Development Network One-Stop delivery system is a system under which entities responsible for administering separate workforce investment, educational, and other human resource programs and funding streams (referred to as One-Stop partners) under the federal Workforce Investment Act of 1998 (WIA) collaborate to create a seamless system of service delivery that will enhance access to the programs' services and improve long-term employment outcomes for individuals receiving assistance.

Title I of WIA assigns responsibilities at the local, state, and federal level to ensure the creation and maintenance of a One-Stop delivery system that enhances the range and quality of workforce development services that are accessible to individuals seeking assistance. The system must include at least one comprehensive physical center in each local area that must provide the core services specified in WIA section 134(d)(2), and must provide access to other programs and activities carried out by the One-Stop partners.

While each local area must have at least one comprehensive center (and may have additional comprehensive centers), WIA section 134(c) allows for arrangements to supplement the center. These arrangements may include:

- ?? A network of affiliated sites that can provide one or more partners' programs, services and activities at each site;
- ?? A network of One-Stop partners through which each partner provides services that are linked, physically or technologically, to an affiliated site that assures individuals are provided information on the availability of core services in the local area; and

?? Specialized centers that address specific needs, such as those of dislocated workers.

The design of the local area's One-Stop delivery system, including the number of comprehensive centers and the supplementary arrangements, must be described in the local plan and be consistent with the memorandum of understanding executed with the One-Stop partners.

The center is: _____ A comprehensive physical center

_____ A network of affiliated sites that can provide one or more partners' programs, services and activities at each site

_____ A network of One-Stop partners through which each partner provides services that are linked, physically or technologically, to an affiliated site that assures individuals are provided information on the availability of core services in the local area

_____ A specialized center that address specific needs, such as those of dislocated workers (Describe)

Memorandum of Understanding of the One-Stop Delivery System

What is the Memorandum of Understanding?

The Memorandum of Understanding (MOU) is an agreement developed and executed between the Local Board, with the agreement of the chief elected official, and the One-Stop partners relating to the operation of the One-Stop delivery system in the local area.

_____ Each One-Stop partner has entered into an MOU relating to the operation of the One-Stop delivery system in the local area.

The MOU must contain the provisions required by WIA section 121(c)(2). These provisions cover services to be provided through the One-Stop delivery system; the funding of the services and operating costs of the system; and methods for referring individuals between the One-Stop operators and partners. The MOU's provisions also must determine the duration and procedures for amending the MOU, and may contain any other provisions that are consistent with WIA title I and these regulations agreed to by the parties. (WIA sec. 121(c).)

Each partner MOU contains provisions describing:

- _____ The services to be provided through the one-stop delivery system
- _____ How the costs of such services and the operating costs of the system will be funded
- _____ Methods for referral of individuals between the one-stop operator and the one-stop partners, for the appropriate services and activities
- _____ The duration of the memorandum and the procedures for amending the memorandum during the term of the memorandum

Is there a single MOU for the local area or are there to be separate MOU's between the Local Board and each partner?

The MOU shall be developed between the local workforce investment board and the One-Stop operator. A separate MOU shall be developed between each operator and the partners. In addition, the requirements for MOUs between local boards and partners described in Sec. 662.310 apply. Since funds are generally appropriated annually, financial agreements may be negotiated with each partner annually to clarify funding of services and operating costs of the system under the MOU.

WIA emphasizes full and effective partnerships between Local Boards and One-Stop partners. Local Boards and partners must enter into good-faith negotiations. Local Boards and partners may request assistance from a State agency responsible for administering the partner program,

the Governor, State Board, or other appropriate parties. The State agencies, the State Board, and the Governor may also consult with the appropriate Federal agencies to address impasse situations after exhausting other alternatives. The Local Board and partners must document the negotiations and efforts that have taken place. Any failure to execute an MOU between a Local Board and a required partner must be reported by the Local Board and/or the required partner to the Governor, the State Board, and the State agency responsible for administering the partner's program, and jointly by the Governor, the State Board, and the responsible State agency to the Secretary of Labor and to the head of any other Federal agency with responsibility for oversight of a partner's program. (WIA sec. 121(c).)

If an impasse has not been resolved through the alternatives available under this section any partner that fails to execute an MOU may not be permitted to serve on the Local Board. In addition, any local area in which a Local Board has failed to execute an MOU with all of the required partners is not eligible for State incentive grants awarded on the basis of local coordination of activities under 20 CFR 665.200(d)(2). Where and to what extent must required One-Stop partners make core services available?

At a minimum, the core services that are applicable to the program of the partner under Sec. 662.220, and that are in addition to the basic labor exchange services traditionally provided in the local area under the Wagner-Peyser program, must be made available at the comprehensive One-Stop center. These services must be made available to individuals attributable to the partner's program who seek assistance at the center. The adult and dislocated worker program partners are required to make all of the core services listed in Sec. 662.240 available at the center in accordance with 20 CFR 663.100(b)(1).

The applicable core services may be made available by the provision of appropriate technology at the comprehensive One-Stop center, by co-locating personnel at the center, cross-training of staff, or through a cost reimbursement or other agreement between service providers at the comprehensive One-Stop center and the partner, as described in the MOU.

_____ Adequately described in each partner MOU

The responsibility of the partner for the provision of core services must be proportionate to the use of the services at the comprehensive One-Stop center by the individuals attributable to the partner's program. The specific method of determining each partner's proportionate responsibility must be described in the MOU.

_____ Adequately described in each partner MOU

Individuals attributable to the partner's program may include individuals who are referred through the comprehensive One-Stop center and enrolled in the partner's program after the receipt of core services, who have been enrolled in the partner's program prior to receipt of the applicable core services at the center, who meet the eligibility criteria for the partner's program and who receive an applicable core service, or who meet an alternative definition described in the MOU.

Under the MOU, the provision of applicable core services at the Center by the One-Stop partner may be supplemented by the provision of such services through the networks of affiliated sites and networks of One-Stop partners described in WIA section 134(c)(2).

What services, in addition to the applicable core services, are to be provided by One-Stop partners through the One-Stop delivery system?

In addition to the provision of core services, One-Stop partners must provide access to the other activities and programs carried out under the partner's authorizing laws. The access to these services must be described in the local MOU.

_____ Adequately described in each partner MOU

20 CFR part 663 describes the specific requirements relating to the provision of core, intensive, and training services through the One-Stop system that apply to the adult and the dislocated worker programs authorized under title I of WIA. Additional requirements apply to the provision of all labor exchange services under the Wagner-Peyser Act. (WIA sec. 134(c)(1)(D).)

How are the costs of providing services through the One-Stop delivery system and the operating costs of the system to be funded?

The MOU must describe the particular funding arrangements for services and operating costs of the One-Stop delivery system. Each partner must contribute a fair share of the operating costs of the One-Stop delivery system proportionate to the use of the system by individuals attributable to the partner's program. There are a number of methods, consistent with the requirements of the relevant OMB circulars, that may be used for allocating costs among the partners. Some of these methodologies include allocations based on direct charges, cost pooling, indirect cost rates and activity-based cost allocation plans. Additional guidance relating to cost allocation methods may be issued by the Department of Labor in consultation with the other appropriate federal agencies.

_____ Adequately described in each partner MOU

Does title I require One-Stop partners to use their funds for individuals who are not eligible for the partner's program or for services that are not authorized under the partner's program?

No. The requirements of the partner's program continue to apply. The Act intends to create a seamless service delivery system for individuals seeking workforce development services by linking the One-Stop partners in the One-Stop delivery system. While the overall effect is to provide universal access to core services, the resources of each partner may only be used to provide services that are authorized and provided under the partner's program to individuals who are eligible under such program. (WIA sec. 121(b)(1).)

Equal Opportunity Is The Law

It is against the law for this recipient of Federal financial assistance to discriminate on the following basis:

Against any individual in the United States, on the basis of race, color, religion, sex, national origin, age, disability, political affiliation or belief, and;

Against any beneficiary of programs funded under Title I of the Workforce Investment Act of 1998 (WIA), on the basis of the beneficiary's citizenship/status as a lawfully admitted immigrant authorized to work in the United States, or his/her participation in any WIA Title I-financially assisted program or activity.

The recipient must not discriminate in any of the following areas:

Deciding who will be admitted, or have access, to any WIA Title I-funded program or activity;

Providing opportunities in, or treating any person with regard to, such a program or activity; or

Making employment decisions in the administration of, or in connection with, such a program or activity.

What To Do If You Believe You Have Experienced Discrimination

If you think that you have been subjected to discrimination under a WIA Title I-funded program or activity, you may file a complaint within 180 days from the date of the alleged violation with either:

The recipient's Equal Opportunity Officer (or the person whom the recipient has designated for this purpose); or

The Director, Civil Rights Center (CRC), U.S. Department of Labor, 200 Constitution Avenue NW, Room N-4123, Washington D.C. 20210.

If you file your complaint with the recipient, you must wait either until the recipient issues a written Notice of Final Action, or until 90 days have passed (whichever is sooner), before filing with the Civil Rights Center (see address above).

If the recipient does not give you a written Notice of Final Action within 90 days of the day on which you filed your complaint, you do not have to wait for the recipient to issue that Notice before filing a complaint with CRC. However, you must file your CRC complaint within 30 days of the 90-day deadline (in other words, within 120 days after the day on which you filed your complaint with the recipient).
